

2017 Complex Surgical Approaches to the Skull Base

Thursday 12/15

8:00-8:15 AM

Orbitozygomatic Approach and Exposure of the Sellar and Parasellar Region

Registration and Breakfast

8:15-8:30 AM

Welcome and Introduction

8:30-10:00 AM

3D-Lecture

Surgical Anatomy and Techniques of the Orbitozygomatic Approach and Exposure of the Sellar and Parasellar Region

Antonio Bernardo, MD

10:00-10:25 AM

Complications of Anterior Skull Base Approaches

Rohan Ramakrishna, MD

10:25-10:35 AM

Morning Break

10:35-12:30 PM

Hands-on Dissection

Fronto-Orbito-Zygomatic Craniotomy

12:30-1:30 PM

Lunch

1:30-2:15 PM

3D-Lecture

Surgical Exposure of the Cavernous Sinus and its Clinical Anatomy

Antonio Bernardo, MD

2:15-2:30 PM

Afternoon Break

2:30-6:00 PM

Hands-on Dissection

Anterior and Posterior Clinoidectomy, Exposure of the Cavernous Sinus and Parasellar Region

Friday 12/16

Temporal Bone and Transpetrosal Surgical Routes to the Skull Base

8:00-8:30 AM

Breakfast

8:30-9:30 AM

3D-Lecture

Surgical Anatomy of the Temporal Bone and the Anterior Transpetrosal Approaches

Antonio Bernardo, MD

9:30-9:45 AM

Morning Break

9:45-12:30 PM

Hands-on Dissection

Middle-Fossa Approach with Extended Anterior Petrosectomy

12:30-1:30 PM

Lunch Lecture: Lessons Learned from Transpetrosal Surgery

Samuel Selesnick, MD

1:30-2:30 PM

3D-Lecture

Posterior Transpetrosal Approach: Translabyrinthine and Transcochlear Approaches, Surgical Anatomy, and Techniques

Antonio Bernardo, MD

2:30-2:45 PM

Afternoon Break

2:45-6:00 PM

Hands-on Dissection

Posterior Petrosectomy with Facial Nerve Exposure, Translabyrinthine Dissection, and Exposure of the Jugular Bulb

Saturday 12/17

The Jugular Foramen, Far Lateral Approach, and Combined Skull Base Approaches

8:15-8:30 AM

Breakfast

8:30-9:30 AM

3D-Lecture

The Far Lateral Approach and Jugular Foramen: Surgical Anatomy and Techniques

Antonio Bernardo, MD

9:30-10:00 AM

A Clinical Series of Skull Base Lesions

Carl Bruce, MD

10:00-10:15 AM

Morning Break

10:15-12:30 PM

Hands-on Dissection

The Far Lateral Transcondylar Approach

12:30-1:30 PM

Lunch Lecture: A Clinical Series of Skull Base Lesions

Philip E. Stieg PhD, MD

1:30-2:00 PM

Combined Skull Base Approaches

Antonio Bernardo, MD

2:00-2:15 PM

Afternoon Break

2:15-6:00 PM

Hands-on Dissection

Combined Skull Base Approaches
